The IHA Global Innovation Awards (**gia**) program recognizes retailing excellence, honoring both specialty and multiple-location homegoods retailers for superior business innovation and creative merchandising.

Participating in this unique program helps you grow your company, opens new horizons and fosters networking with the best homegoods retailers in over 30 countries on six continents.

Winners of the national competitions are invited to attend The Inspired Home Show in Chicago, 9-11 March, 2027. During the Show, the winners will be celebrated at a festive awards dinner where up to five retailers will be further distinguished as **gia** Global Honorees.

Nominations for the prestigious *gia* Award for 2026-2027 are now being accepted.

How previous winners have benefited from their *gia* distinction:

- Finding new ideas and inspiration by networking and learning from other retail leaders, visual merchandising experts and other industry professionals
- Getting extensive publicity in their home country, resulting in a larger customer base and increased sales
